

## Keion Brooks Jr vs USC - 03-02-24 Film

Keion Brooks Jr showcased his ability to knock down perimeter shots and work in the mid-range area, finishing close around the rim. Keion will have a play at the 7:08 mark in the first half as he posts up on the left elbow. Gets in entry pass and take a hard power dribble through defenders' chest and goes up strong over top for a touch shot. Keion will start off the game aggressively looking for scoring opportunities. Some of his drives will be out of control and some shots will be rushed. He will start to become more of a willing passer as the game went on. He will end the game with 20 points on 5/14 shooting from the field and 2/7 from the perimeter. Keion will also go 8/8 from the free throw line.

Keion Brooks will display an ability to protect the rim, giving good contest around the rim and on jump shots. Keion will also finish this game with 7 rebounds and 2 blocks.

While Keion Brooks Jr will exhibit an ability to knock down perimeter shots in this game, he will need to work to improve on the looks he takes. Some looks like I mentioned early were rushed shots. His attacks on the rim will often be through crowds, resulting in him getting stuck and having to pass it out, forcing a look, or turning the ball over. Keion shows the potential to be a score, I would just like to see him work on picking and choosing his spots better.
