

Tristan Newton vs DePaul 02/14/24 – In Person

Displayed a calm demeanor during warmups and it carried throughout the game. He never seemed sped up by the defense and kept his team levelheaded.

Floor general for his team. Displayed good athleticism when getting to the rim and finishing with his offhand. Did not have an efficient shooting game but was able to be still effective with his passing and putting pressure on the rim. He did make one three-pointer off of the catch from the right wing. He displayed a loose handle at times, getting the ball stolen from him in the half-court.

Defensively, he was aggressive picking up his man 94 feet for the majority of the game. He moved well laterally when defending the ball and stayed in front of his man when defending isolations and drives to the rim.

He was not effective scoring the ball, but he still did a good job of setting up his teammates, and applying pressure on the ball defensively.
