

ROMAN PENN Game 2(Film 11-26-21 vs. Alabama)

He struggled from the field this game going 1-5, scoring 4 points, but did a good job affecting the game in other ways, grabbing 6 rebounds, dishing out 6 assists with 2 steals. He showed his point guard ability by always finding open teammates. While he didn't shoot the ball well, I was impressed with his ability to stay aggressive, getting into the lane, finding teammates along with grabbing rebounds, and pushing in transition.

Defensively, he struggled to keep anybody in front of him as he was regularly blown by. He must improve his lateral quickness or be a target on the defensive end.
