

Isaiah Collier vs Alabama St 12/19/23 Film:

Isaiah Collier showcased his ability to use his quickness and strength to lead the fast break and finish with contact. Something that stood out to me was in the defensive end, he gets the loose ball, pushes the ball with his left hand, gathers and finishes it with contact. Collier demonstrated playmaking ability by getting his teammates involved in the offense. In one play, Collier pushed the pace, after a made shot and dishes it to his big man in the post and scored with a hook shot. Something he didn't do well was his three point shooting. Collier shot 1-6 from beyond the arc.

Collier displayed an ability as an on ball defender. Something that stood out to me was his desire to up the pressure on guards and making it difficult for them to score.

Isaiah Collier demonstrated impressive offensive skills, such as his ability to lead the fast break and finish with contact, as well as defensive skills like his desire to up the pressure on guards. However, he could use some improvement on his three point shooting, as he shot 1-6 from beyond the arc.
